### Western Turfmen Make a Big Coup on Queenie Trowbridge.

SHE · WAS NOT A RINGER.

Marcus Daly Stable's Handsoms Winnings --- Other Track Talk.

The delegation of Western turimen which arrived here a few weeks ago gave the ring a bad shaking up at Monmouth Park on Saturday. They started in by playing J. J. Mo-Cafferty's filly, Helen Nichols, to test Prince Imperial, Fancy colt and others in a six-furlong dash. Helen Nichels proved that her victories in the West were not nukes, and her record is now six straight victories. With the money won on Helen Nichels salely laid away the Westerners walted for the seventh race, a dash of five turiongs for selling-platers. The list of entries included Queenie Trowbridge, a fou -year-old mare with a very good record, she having scored sine wins out of seventeen starts last year. She was entered to be sold for \$500 and an unknown jockey named Jordan was anneunced to ride. No one had a chance to look up her record, and she might just as well have dropped from the clouds for all the

boolies knew concerning her.

When the tetting opened 10 to 1 was quoted against the mare with no takers. Then the price went up and up until 100 to 1 could be seen on various boards. Then the Westerners commenced to play the mare. Their money went on quietly in 85 and 810 opposite Queenie's name when an innocentlooking gentleman came along and handed up \$10 to be bet on her.

3 to 1 appeared in place of 100 to 1. "I guess you can get that one somewhere else," remarked the bookle, as he refused the proferred 4500. This conversation was heard by quite a crowd, and immediately there was a rush to back the Western mare. Down went her price until 6 to 1 were the quota-

went her price until 8 to 1 were the quotations at closing time. It is estimated that as least \$70,000 were won from the bookies. The mare got away in front and was never headed, winning in the last time of 0.55%.

The talk of queenle from the following a ringer is absurd. She was purchased last Fail by Ed Wishard from Ed Corrigan and has the excellent record of teing placed sixteen times out of seventeen starts. Beer party simply caught the bookies and public unawares. It was the biggest coup of the year, and it was so success ut as to excite admiration even from the scorched books.

Tammany has again proved himself a great race horse. On Saturday he defeated The Pepper, Arra, Mars, Yorkville Belle, Patron and Huron in rideulously easy jashion. He strides along with hardly an apparent effort, and when called upon draws away at will. Of course Tammany was a hot tavortie. Yorkville Belle was made second choice on the strength of her easy win, in 2.0eld, a few days ago. The utter uselessness of the time test was never better proven than by this race on Saturday. Then the nit and a quarter was run in about the same time, and yet the Belle, instead of gailoping, was besten off, and being subjected to an unmerciful lashing. Taking time as a criterion, Yorkville Belle should have been able to travel that first mile and a quarter in about 2.07 on the straight course, and still be running easily. The trapper ran as good and game a race as he generally does, but he is no match for Tammany. The latter has still to beat Lamplighter tefore one can say that he is the best three-per-an-old of the year. In the writer's opinion Tamma y can beat Lamplighter doing anything, but ... would be a pleasure to see these two c lis meet. They are both eligible in the Barnagat bakes, at a mile and a half, on Saturday, and may come together. A race between them would attract a crowd that would go on record as the largest of the meeting.
